

The Amarillo-Panhandle Humane Society's Adoption Option

Your dog or cat escaped and you recovered your pet from the Animal Control Shelter. If your pet is a first time occupant at the Animal Control Shelter, please ask the Animal Control representative about the Amarillo-Panhandle Humane Society's "Adoption Option" when reclaiming your pet from the shelter.

For a fee* of \$85.00 for a dog and \$65.00 for a cat, your pet will receive:

- a complete set of vaccinations,
- an AKC microchip with life time registration, and
- an operation by a qualified veterinarian to spay or neuter your pet.

* Extra anesthesia charges apply to pets weighing over 50 lbs.

Spaying or neutering your pet will significantly reduce the chances of your pet running away, biting, and suffering from some diseases. A spayed or neutered pet makes a safer and better companion and cannot contribute to pet overpopulation.

If your pet is already spayed or neutered and has its shots, take advantage of a \$20.00 discounted price from the Amarillo-Panhandle Humane Society to microchip your pet. Just present your reclaim receipt from Animal Control.

There are \$15.00 microchip discounts on Pit Bull or Pit mixes. Your Pit Bull or Pit mix does not have to go through Animal Control to qualify.
