

## How to Use: Lost, Found and Impounded Animal Search Tool

Animal Search Tool will open with a list of animals currently housed at the Amarillo Animal Control facility as shown below.

Ten animals will be listed on each page. Click a [page number](#) or “next” to continue search.

**Lost, Found & Impounded Search Tool**

The City of Amarillo Animal Control attempts to reunite animals with their owners. This document is the most current list of impounded animals at the time it is issued. Unfortunately Animal Control has limited capacity to maintain animals so euthanasia is necessary for unclaimed animals. Please note the “**impound date/time**” provides 72 hours (3-days) for the pet’s owner to reclaim. Animal Control endeavors to keep most dogs in the shelter for two additional days to promote recovery and adoption (**Total of 5-days from the Impound Date**). Animal Control will allow any person to place “**Adoption Hold Request**” for any impounded animal. An “**Adoption Hold Request**” is valid for a maximum period of 3 days.
