

Case 18-003744

Event 49 @ 1501 S Coulter

5/9/2018: I was dispatched to the above address on a bite when I arrived I spoke to APD Officer [redacted] who told me that [redacted] ([redacted] Carolina Amarillo TX) was bitten by his dog, but the story he was given was that a stray dog came into his house attacked him then took off. [redacted] told me that his female pit bull Brown female Ezell attacked his 6 month pit bull black male "Gato". His brindle male pit bull Rocky joined in the fight. [redacted] told me that he tried to separate the dogs, when Rocky turned on him and attacked him. He was bitten mostly on his right arm and had a few bite marks on his left arm as well .The bite wounds would be considered major. I asked several times if they had a phone # I was told no by [redacted] and his wife [redacted] ([redacted] Carolina Amarillo TX). She also told me that she got home and seen Rocky attacking her husband she has no idea how it started. I also asked if the dogs were current on rabies vaccinations, she told me that they could be but does not know where the paperwork is. I asked her to call the vet that they went to and verify. I asked if anyone was at the house that could let me in the house to get the dog. She told me that no one was there. I left her a card with my number and told her to call me as soon as she was able to get home so that I could come and get the dog. [redacted] was saying something about having the dog euthanized, but was unsure what he wanted to do. I told him that he would have 10 days to decide what he wanted to do.

End of report

5/9/2018: I called Northwest this morning and [redacted] was still there he is in room [redacted] tried to call and see if I could meet with [redacted] to get the dog but no one answered the room phone.

End of report

5/9/2018

10:17 am [redacted] just called me to let me know that her husband just got out of surgery and that she is trying to find a way home so that I could pick up Rocky. She told me that she would take the bus and call me to let me know when she was on the way home. She told me that she has been trying to find a way home all morning.

End of report

5/9/2018

I was able to meet with [redacted] to pick up Rocky, she signed him over. I brought Rocky back to the shelter and [redacted] advised me that we would be euthanizing the dog. After we euthanized the dog asked me if I did a non bite since it was the bite victims dog. I told him that I didn't think about it, [redacted] told me to go and meet with the dog owner to see if they would be willing to do a non bite. After leaving the shelter I went to North West Texas Hospital room [redacted] and [redacted] signed the non bite.
